# Rector's welcome

Dear students,

First of all I would like to thank you for choosing our University for your international mobility. It is my great pleasure and honour to welcome you to the University of Zadar, the follower of the long academic tradition started in Zadar in 1396 by establishment of the Dominican University *Univeritas Iadeartina*. I wish you a pleasant and fruitful stay. I hope that, apart from the professional and academic knowledge, you will learn a lot about Croatia, Zadar and Croatian culture and make a lot of lifelong friends. Overall I hope that this will be a joyful and rewarding experience and that you'll become one of the ambassadors of the University of Zadar in the world.

Have a joyful and pleasant stay!

## 2. The city of Zadar

Zadar is home to 75,062 inhabitants. It is the capital of the Zadar County and strong maritime, tourist, harbour and industrial city in the centre of the Croatian Adriatic. The old part of the City, located on a small peninsula, is an important historical town, rich with world renowned heritage visible at every step.

In Roman documents the old Liburnian centre Zadar is mentioned for the first time as Jader (Jadera) when after 59 BC it became a Roman municipium and shortly afterwards a colony of Roman citizens. After the fall of the Western Roman Empire, Zadar became the capital of the Byzantine province of Dalmatia. During the 10th and especially the 11th century the city was governed by the Croats. In the Middle Ages the city maintained its autonomy in spite of frequent conflicts with Venice. In the year 1409, Ladislaus of Naples sold the city of Zadar to Venice because of "his rights" over Dalmatia. After the fall of Venice, Zadar came under Austrian rule as the capital city of Dalmatia. According the Treaty of Rapallo Zadar was given to Italy (1920) but after the Second World War it was returned to its mother country Croatia.

Did you know that in the 19<sup>th</sup> century in Zadar many things were introduced for the first time in Croatia – the first newspaper printed in Croatian language, the first operation under ether narcosis, the first public park (Queen Jelena Madievka Park) and the first Red Cross branch in Croatia?

Founded on a 3,000 years old tradition, the Zadar region has developed to the extent that today it covers 14% of the total land surface of the Republic of Croatia and around 12% of the territorial waters, with more than 300 smaller and larger islands, better known under the name of Zadar Archipelago. The region offers beaches with crystal clear water and other natural beauties such as nature parks Telašćica at the island of Dugi Otok, Lake Vrana and Mount Velebit, as well as national parks Kornati Islands, Paklenica and Krka.

## 3. Studying in Zadar

### 3.1. About the University

Zadar is a traditional European university city. As early as on 14 June 1396 in Dominican monastery in Zadar the university *Studium generale*, later called *Universitas Jadertina* was founded. The University of Zadar is the largest fully integrated university in Croatia. Up to 6,000 students are enrolled in the undergraduate, graduate and doctoral study programmes. There are 618 employees at the University, 420 of them members of the academic staff holding scientific-teaching, teaching and assistant titles. As one of the youngest universities in Croatia (though historically the oldest), the University of Zadar points out as one of its priorities not only the international but also the inter-university cooperation with all the relevant universities and institutes in Croatia and abroad. In June 2019 the European Commission selected EU-CONEXUS as one 17 "European University" projects. The University of Zadar is one of the partners in this projects, along with partner institutions from France, Greece, Romania, Lithuania and Spain.

**Did you know that the 1<sup>st</sup> higher education institution in Croatia was established in Zadar in 1396 under the name *Universitas Iadertina*?**

#### c) Language of instruction and language requirements

It is important to know that the majority of courses are taught in Croatian. However, a considerable number of courses are offered in English, Italian and German language. At the Departments of French and Francophone Studies, English Studies, Hispanic and Iberian Studies, German Studies, Italian Studies and Russian Studies the lectures are held in the language of the study.

List of the courses taught in English and other foreign languages:

<https://www.unizd.hr/eng/international-relations/student-mobility/course-catalogue/courses-in-foreign-languages>

Also, the University of Zadar offers the possibility of teaching in English for the students who do not speak Croatian (mainly through the consultation hours). **The University of Zadar requires students' very good language skills (in reading, writing and speaking) equivalent to level B2 on the CEFR (Common European Framework of Reference for Languages) scale.**

## How to prove the language skills:

All students have to fill in the English Language Proficiency form which can be found at the following link: <http://www.unizd.hr/eng/international-relations/student-mobility/language-requirements>.

Please note that fluent language skills are vital for successful studies at the University of Zadar. If the language requirements are not met, the University of Zadar will not accept the student! If the student does not meet the language requirements, the department has the right to reject the student even if the student has been previously accepted.

All foreign students have the opportunity to attend the free Croatian language course during the semester (2 hours per week, 2 ECTS) at the Centre for Foreign Languages of the University of Zadar.

## 3.5. Other units and centres of the University

### a) Library

The University Library supports the University's programmes of study and research. The Library is located on six sites: the Central Library (housing the majority of collections mainly in humanities and social sciences), the New campus library (housing collection in geography, information science, education and ethnology), the Department of Croatian and Russian Studies Library, the Department of Italian Studies Library, Library Dr. Alois Mock, the Department of French and Francophone Studies Library and the Hispanic and Iberian Studies Library. The Central Library, the Croatian and Russian Studies Library, the Italian Studies Library, the Department of French and Francophone Studies Library and the Hispanic and Iberian Studies Library are all located in the central building at the address Obala kralja Petra Krešimira IV, No. 2, while the New Campus library is located at Ulica Franje Tuđmana 24i. The rest of the collections are located in smaller departmental libraries (Library of the Department of Classical Philology, Library of the Department of Psychology, Library of the Department of Archaeology, and Library of the Department of Hispanic and Iberian Studies).

The reading room of the Central Library is the main meeting place for the users with 80 available seats. Users can use open-stack areas to access manuals, encyclopaedias, lexicons, dictionaries, bibliographies as well as Croatian and foreign current periodicals. To find a book, students can use the card catalogue or the online library catalogue CROLIST (<http://crolist.unizd.hr/anew/search.html>). Through the library website students and faculty members can access online databases, online journals and other information resources. The reference librarian is at the front desk in the reading room of the Central Library.

### c) Student Counselling Centre

The aim of the Student Counselling Centre is to enable all the students a faster and more efficient studying as well as generally higher quality of life during their study. The success of the study is closely related to psychological functioning of individuals, to the level of using their own potential, as well as to the ability of dealing with the inevitable difficulties that student life brings. The failure in solving the real life problems negatively affects the length and the quality of the study, as well as the general level of psychological adjustment. Student Counselling Centre deals with individual and group counselling, thematic workshops, public presentation and research activities.

### 4.1. Admission procedures

Starting with the academic year 2019/2020 the new admission procedure for the Erasmus+ incoming students is implemented at the University of Zadar, which means that the Online Learning Agreement (OLA) is accepted. With this new procedure the University of Zadar is fully endorsing Erasmus Without Paper initiative supported by the European Commission.

However, if your home institution does not allow digital signatures, Erasmus+ students and interns also have the possibility to apply using the regular Learning Agreement (LA), but without the necessity of sending additional documents in paper.

More information about the admission procedure can be found at the following link:

<https://www.unizd.hr/eng/international-relations/student-mobility/admission-procedure>

Did you know that the main street in Zadar is named *Kalelarga* and it is believed it's as old, or even older, than the city? Still, you won't find it on the map. While the people of Zadar refer to it with its historical name 'Kalelarga', officially it is called *Široka ulica* (*široka* = 'wide'). In a word, it's the heart of Zadar.

## 4.2. Visa requirements and Residence permit

All the up-to-date information regarding visa requirements and residence permit can be found on the following website: [www.studyincroatia.hr/living-in-croatia](http://www.studyincroatia.hr/living-in-croatia).

Visa requirements – Nationals of countries subject to the visa requirement also need to procure an entry visa for Croatia (Viza C). Information on countries subject to the visa requirement can be found on the web site of the Croatian Ministry of Foreign and European Affairs ([www.mvep.hr](http://www.mvep.hr)). The visa application (Viza C) must be submitted to the diplomatic mission or consulate of the Republic of Croatia in the foreign national's home country. A list of missions and consulates is available on web site of the Croatian Ministry of Foreign and European Affairs.

Residence permit – According to the Croatian Law on foreigners, foreign nationals intending to study in Croatia must regulate their temporary residence for the purpose of studying if their period of stay in Croatia is longer than 90 days.

Where to submit residence permit application – International students coming from non-EEA countries can submit residence permit application in one of two ways:

- ▶ to the diplomatic mission or consulate of the Republic of Croatia in their home country or
- ▶ to the Central Police Station in Zadar (Address: Put Murvice 9, 23 000 Zadar) immediately upon their arrival in Croatia if they submit the proof of taking part in an exchange programme approved by the Ministry of Science, Education and Sports in Croatia (Erasmus+, CEEPUS, bilateral exchange, etc.) – **recommended!**

When to submit the residence permit application – Students submitting an application to the diplomatic mission or consulate of the Republic of Croatia in their home country should do so prior to their scheduled arrival in Croatia. The usual procedure can take three months or longer (including time needed for all the necessary documents to be translated

into Croatian). There is also a fast-track option for handling the application and students can request this at the diplomatic mission or consulate, in which case they pay a higher fee. Students submitting the application to the Central Police Station in Zadar should do so immediately upon entering Croatia, i.e. within 48 hours from the date of entering Croatia.

**The temporary residence permit** is usually granted for the duration of one year or for the duration of the academic semester. Along with the application form for the residence permit, students must submit the following application documents according to the category to which the student belongs:

### **STUDENTS FROM THE EU/EEA COUNTRIES (EU COUNTRIES + NORWAY, ISLAND, LIECHTENSTEIN AND SWITZERLAND):**

1. They are not obliged to register to the Police Station within 48 hours from entering Croatia.
2. If their stay in Croatia is longer than 90 days, they must apply for the residence permit for the purpose of studying or internship.
3. The students apply for the residence permit in the Police station in Zadar and they must present the following:
  - The confirmation issued by the University of Zadar which contains confirmation of enrolment, the purpose and the length of their stay in Zadar, proof of finances (at least 1.690,75 kunas per month) and the information on the health insurance (EHIC – European Health Insurance Card).
  - The students have to fill in the Form 1B with the exact address of the apartment/flat in which they are staying.
  - Copy of the valid ID or passport (first page with the photo)
4. The procedure is free of charge and the students get the Confirmation of mobility.

### **THIRD COUNTRIES NATIONALS WHO HAVE REGULATED THEIR RESIDENCE IN ONE OF THE EU/EEA COUNTRIES:**

1. They are obliged to register to the Police Station within 48 hours from entering Croatia, personally or through the eVisitor system.
2. If their stay in Croatia is longer than 90 days, they must apply for the residence permit for the purpose of studying or internship.
3. The students apply for the residence permit in the Police station in Zadar and they must present the following:
  - The confirmation issued by the University of Zadar which contains confirmation of enrolment, the purpose and the length of their stay in Zadar, proof of finances (at least 1.690,75 kunas per month) and the information on the health insurance (EHIC – European Health Insurance Card).
  - The students have to fill in the Form 1B with the exact address of the apartment/flat in which they are staying.
  - Copy of the valid ID or passport (first page with the photo)
4. The procedure is free of charge and the students get the Confirmation of mobility.

### **THIRD COUNTRIES NATIONALS:**

1. They are obliged to register to the Police Station within 48 hours from entering Croatia, personally or through the eVisitor system.
2. If their stay in Croatia is longer than 90 days, they must apply for the residence permit for the purpose of studying or internship.

3. The students apply for the residence permit in the Police station in Zadar and they must present the following:
  - The confirmation issued by the University of Zadar which contains confirmation of enrolment, the purpose and the length of their stay in Zadar, proof of finances (at least 1.690,75 kunas per month) and the information on the private health insurance.
  - Proof of possession of funds for return to the home country (at least 4.057,00 kunas)
  - The students have to fill in the Form 1A with the exact address of the apartment/flat in which they are staying.
  - Copy of the valid ID or passport (first page with the photo)
  - one photo (size 30 x 35 mm)
4. They have to pay for the procedure, since they will get the Croatian ID card. The cost of issuing the Croatian ID card is 240,00 kunas + 70,00 kunas in stamp duty (can be bought at all newsstands) = 310,00 kunas.

For more information the student should visit the web page of the Croatian Ministry of the Interior: <https://mup.gov.hr/en>.

Forget NBA, it's here where you'll find true fan(atic)s of the game. In fact, so much so that their motto is 'God may have created a man, but Zadar created basketball'. It's the number 1 sport, the pride of the city.

### 4.3. Medical insurance

All foreign students must have health insurance covered during their stay in Croatia. EU nationals must have their European Health Insurance Card. For all the others, in case Croatia has an agreement on social insurance with the country from which the students are coming, they can enjoy the health insurance provided by their own country. However, international agreements do not cover all the medical services, in which case the students will have to pay for them themselves.

Please check with the healthcare provider at home or visit: <http://www.studyincroatia.hr/living-in-croatia/health-care>.

Erasmus students staying temporarily in Croatia are exempted from paying the fee for compulsory health insurance in Croatia. They may use the international health insurance from their home country (European Health Insurance Card) or choose to be insured at the health insurance company of their choice. The Ministry of Science, Education and Sports also covers the health insurance expenses for all foreign nationals that receive grants from the Ministry, if it is foreseen by the conditions of the grant.

### 4.4. Accommodation

International students are usually accommodated in student dormitory or in private apartments. The price of the accommodation in the student dormitory is 580,00 HRK for the first month and 500,00 HRK for each following month.

Student dormitory has 94 rooms, 18 of which triple and 76 double rooms and can accommodate 206 students. There are three kitchenettes, two TV rooms, large hall, classroom, computer cabinet, laundry and recreational hall. From 20 July to 31 August the Dormitory of the University of Zadar works as a hostel and it is closed for the students. There are 6 places booked for the incoming students at the address Ulica dr. Franje

Tuđmana 24d. Students can get the accommodation in the dormitory on first come, first served basis.

Registration has to be done by filling in the online application form. The link for the online application form will be sent along with the Acceptance Letter, i.e. after the Learning Agreement/Online Learning Agreement has been signed by all sides.

A much more reliable way of finding satisfactory accommodation is a private room or an apartment. Normally, students come to Zadar without a permanent place to live, however you shouldn't arrive without temporary accommodation. Therefore, we suggest hostels:

<https://www.airbnb.com/>

<https://www.facebook.com/hostelkolovare>

<https://www.hicroatia.com/en/hostel/hi-hostel-zadar/>

It is nowadays more common to rent a flat and share it with other students. This is usually more comfortable, since it allows the students more freedom and flexibility, especially in terms of timetables. The ESN Zadar members created a helpful Facebook group [Be my roommate - Zadar](#) where you can make a post and connect with exchange and local students that are looking for an apartment and/or room-mates. A much more reliable way of finding satisfactory accommodation is a private room or an apartment. Prices vary, but you can find a room for acc. 100 - 150 €, while the prices for apartments range between 200 and 400 € per month. You should clarify with your landlord what exactly are you paying for, some will also ask you for a deposit that will be returned if you do not damage the apartment/flat. Normally, rent prices do not include bills for household utilities or internet. It is important to point out several other remarks about renting an apartment. The average time spent by a student searching for an apartment is 2 months, so try to organize well in advance. It is generally more difficult to find an apartment in the spring/summer semester due to the beginning of the tourist season and the fact that many people rent their apartments to tourists rather than to students. It is important to discuss some issues with your landlord: heating system during winter, humidity in the apartment and the internet connection. If the apartment is heated by electricity, your electricity bill for the winter months could be considerably higher.

The best way to search for apartment/flat is to check different offers on the following web-portals. Some of the portals are only in Croatian, but they usually have photos of apartments and contact email so may send an inquiry:

[www.njuskalo.hr](http://www.njuskalo.hr)

<https://www.crozilla-nekretnine.com/zadar/stanovi/najam>

Please note that some of these agencies may charge a fee and that our office does not endorse any of these.

Some of these sites are only in Croatian language, but it is easy to manage with basic vocabulary or Google Translate.

Did you know that the defensive walls of Zadar together with 8 gates such as the Lion Gate testify to its turbulent past, full of conquering attempts, destruction and victories? Built almost half a millennium ago, the walls are a UNESCO World Heritage Site.

## 4.5. Student Buddy System

The Incoming Student Buddy System helps you in your arrival and stay in Zadar. “Buddies” are students of the University of Zadar who take the mentor role and assist the incoming students during their exchange period, doing it on a voluntary basis in their spare time.

They are expected to help the incoming students in the following ways:

- ▶ pick up students at the airport or bus station and bring them to their housing,
- ▶ help them to understand the layout of Zadar and get used to the new environment (local transport routes, bus connections, office hours, opening a bank account, etc.),
- ▶ help to integrate by organizing social events such as parties and cultural programmes,
- ▶ help them throughout the semester if problems should arise.

You should fill in the online application form at least two weeks before your arrival in Zadar: <https://esnazar.broaddy.com/register/international>. We strongly recommend it to all the incoming students.

## 5. After the arrival

After the arrival, exchange students must attend the Welcome day organised by the International Relations Office where they will get the Exchange student’s records sheet, X-card (if the exchange programme provides it) and the AAI account with the password for Internet access. The students will get the X-card and the AAI account only after getting the PIN or OIB (Personal Identification Number) which is obtained upon registration at the Police station or at the Tax Administration Office. Exchange student’s record sheet contains student’s personal information, list of the courses that will be attended, the ECTS credits and the grades that will be achieved after passing the exams. X-card is a student identification card and by presenting this card the student can enjoy the discount prices in student restaurant “Barbakan” and fast food restaurant “Citadela”. According

to the decision of the Croatian Ministry of Science and Education, the X-cards are provided for the Erasmus+ and CEEPUS incoming students only.

**AAI account** is the account of AAI@EduHr system which provides free wireless Internet access in the Student Dormitory and University facilities. If students' home country is connected to the pan-European roaming system Eduroam ([www.eduroam.org](http://www.eduroam.org)) or eduGAIN, the students can use the identity account they got in their home university. Otherwise, the student will get an AAI account upon arrival at the University of Zadar.

The University Library provides free access to desktop computers where you can check your e-mail or surf the Internet.

## Student experiences

Some of the 2015/2016 Erasmus+ students created short videos showing the impact that the mobility period spent abroad has on student life, meeting new friends and learning about different cultures. The videos are available at <https://www.youtube.com/channel/UCVltZufwUkxOL7ThIHUAJg/videos>

Oskar Tomasz Gieburowski, Andrzej Frycz Modrzewski Krakow University, Poland  
(summer semester 2016/2017)

I really found a Croatian brother's heart in me, I woke them in my everyday coffees like a Croatian fisherman in Zadar. It's amazing when you find your second home on earth. When people you've never met before, become your family and offer the best rewards. When everything is in your thoughts and something is watching over your adventure. When the journey becomes life and life a never ending travel story, and you find the deepest sense of your life. All of whom you meet will be in your heart forever and you get to see how much you surprise yourself. All of this is **Amazing** and I'm telling you now you've got **see** it to believe it!

Bahar Bostan, Gazi University, Turkey (winter semester 2017/2018)

Why choose Zadar? There are millions of reasons to choose Zadar but for me the most important one is the climate. Even though I did my Erasmus in winter term, it was like summer and this was the biggest chance for us because we could travel all around Croatia that has many natural beauties like waterfalls, forests, mountains. After seeing all those beauties I understood that Zadar is the best place for me. Walking around seaside taking fresh air made me feel perfect. Drinking coffee (as Croats do :D) and watching the sunset was our daily routine with my friends.

I am really happy that I chose Zadar and I will keep this lovely city in my heart forever.

Alessandro Spirandelli, University of Padua, Italy (summer semester 2019/2020)

These 5 months have been one of the best experiences of my life. Zadar is a wonderful city with very welcoming and always nice people. I never felt like a stranger, even during the quarantine. At the beginning we were told that we would find a second family... well it's true! I was lucky enough to find wonderful people who made my experience unforgettable. I will carry these people and this city forever in my heart.

Melanie Strutzmann,  
University of Klagenfurt,  
Austria (summer  
semester 2019/2020)

My Erasmus semester in Zadar was an amazing and unforgettable experience, which unfortunately lasted only a month as the COVID-19 pandemic started in April 2020. However, the opportunity to study at university by the sea and to experience Croatian lifestyle helped me forget the ongoing pandemic and created beautiful memories. After embarking on this wonderful adventure of Erasmus semester, I strongly encourage young students to study abroad, especially in Zadar because of the chance to gain broader perspective on different cultures, but more importantly on their future job career. I am thankful for every moment spent in Zadar and at university and I look forward to coming back!

Rafał Cikacz, The General Tadeusz Kościuszko Military Academy Of Land Forces In Wrocław, Poland  
(summer semester 2016/2017)

I was asked to say something about my life on Erasmus in few sentences. It's really hard to keep it short, because during these 5 months so many things happened. When I think about my Erasmus experience now after one year I don't remember the struggles that I had. I remember only the huge positive impact that Erasmus+ programme and people from all over the world made on me. Erasmus is great - I believe we can agree. But student exchange in Zadar is on a totally another level. The atmosphere, the beauty of the place, ESN volunteers that are strongly involved in exchange students community - this and many, many more is what you're going to find if you decide to spend your Erasmus exchange in Zadar. You won't regret it.
