INTERREG EUROPE INTENSIFY PROJEKT

STUDIJSKI POSJET

GRAD ZADAR

21. – 22. listopada 2019.

Grad Zadar ugostit će projektne partnere iz grada Cork-a, Irska, u sklopu projekta "INTENSIFY". Glavne teme ovog studijskog posjeta su predstaviti moguće prilagodbe na klimatske promjene u obalnim gradovima, njihova energetska učinkovitost i smanjenje emisija CO₂.

Grad Zadar predstavit će projekt "Zelena luka do 2025." (*Green Harbors Project*), a prezentaciju na ovu temu održat će Anamarija Frankić sa Zadarskog sveučilišta:

Ponedjeljak, 21. listopada 2019., u 14:15 sati, na drugom katu Rektorata, UNIZD

INTERREG EUROPE INTENSIFY PROJECT

STUDY VISIT

CITY OF ZADAR

21 - 22 October 2019

As part of the INTENSIFY project, the City of Zadar will host a study visit for project partners from the City of Cork, Ireland. The goal is to address climate change adaptations in urban coastal cities, making them more energy efficient, and minimize CO₂ emissions.

Team from Zadar will present a vision how to make the first “Green Harbor” by 2025. Presentation about the Green Harbors Project will be by Anamarija Frankić from the University of Zadar, on:

Monday, 21 October 2019, at UNIZD Rektorat, 2nd floor, at 2:15 pm.
