## Contest and environment

Anzola is a small Municipality close to Bologna 15 minutes by train. The project in Anzola involves the Youth Center, Library and schools based there. Mainly the volunteer will carry out local initiatives with young people like thematic workshops, outdoor games, excursions, exhibitions, activities connected with art and culture, supporting the work of the staff of the Municipality and local volunteers.

As local impact, thanks to the presence of international volunteers the local community can develop a particular sensitivity and interest towards European issues.
