

Oeconomica Jadertina – Focus and Scope

The journal *Oeconomica Jadertina* is a scientific journal published by the Department of Economics at the University of Zadar. Thematically it focuses on economics and management, as well as other related areas, and its primary goal is the publishing of scientific articles of young as well as already established researchers. A multidisciplinary approach to research is particularly encouraged. The publishing policy of the Journal is directed towards the following of the latest tendencies, scientific discoveries and trends with the intention of contributing to the understanding of the new paradigm of the economy in transition or the New Economy. The Journal equally approaches local, national and global (general) topics within its research scope. The Journal publishes scientific and professional papers, reports, reviews and other types of papers. As of recent the Journal has an international component. The Open Access approach allows a free of charge browsing and citation of published articles, with the obligation of the correct quoting of the authors. The Journal is published twice a year in print and digital form.
