Rector's welcome

Dear students,

Allow me to welcome you to the University of Zadar as you start your international mobility and embark on a new and exciting adventure.

The University of Zadar has a long history dating back to 1396 and the establishment of the Dominican University Universitas Iadertina. Since then, due to tumultuous historical, social and cultural circumstances, our institution has changed and evolved over the years and centuries into a thriving academic community focused on the multitude of challenges of our, now globalized, modern world. In our striving to harness the needed knowledge and rigor necessary for what lies ahead of us, we are nevertheless not forgetting our history and the legacy of the institutions and people, professors, scholars and students alike, that preceded us. It is within this intersection between the old and the new, between tradition and modernity, that I would like to welcome you and invite you to enjoy the historical cultural wealth of our campus and city, while simultaneously exploring everything that modern academia has to offer.

I hope that during your stay you will enrich our community with your unique perspectives and experiences, and that, upon your return you will not only take away valuable academic knowledge but also carry a piece of our university and the rich culture of Zadar and Croatia back to your home countries.

Sincerely,

Prof. Josip Faričić, PhD

2. The city of Zadar

Zadar is home to 75,082 inhabitants. It is the capital of the Zadar County and strong maritime, tourist, harbour and industrial city in the centre of the Croatian Adriatic. The old part of the City, located on a small peninsula, is an important historical town, rich with world renowned heritage visible at every step.

In Roman documents the old Liburnian center Zadar is mentioned for the first time as Jader (Jadera) when after 59 BC it became a Roman municipium and shortly afterwards a colony of Roman citizens. After the fall of the Western Roman Empire, Zadar became the capital of the Byzantine province of Dalmatia. During the 10th and especially the 11th century the city was governed by the Croats. In the Middle Ages the city maintained its autonomy in spite of frequent conflicts with Venice. In the year 1409, Ladislaus of Naples sold the city of Zadar to Venice because of "his rights" over Dalmatia. After the fall of Venice, Zadar came under Austrian rule as the capital city of Dalmatia. According the Treaty of Rapallo Zadar was given to Italy (1920) but after the Second World War it was returned to its mother country Croatia.

Did you know that in the 19th century in Zadar many things were introduced for the first time in Croatia – the first newspaper printed in Croatian language, the first operation under ether narcosis, the first public park (Queen Jelena Madijevka Park) and the first Red Cross branch in Croatia?

Founded on a 3,000 years old tradition, the Zadar region has developed to the extent that today it covers 14% of the total land surface of the Republic of Croatia and around 12% of the territorial waters, with more than 300 smaller and larger islands, better known under the name of Zadar Archipelago. The region offers beaches with crystal clear water and other natural beauties such as nature parks Telašćica at the island of Dugi Otok, Lake Vrana and Mount Velebit, as well as national parks Kornati Islands, Paklenica and Krka.

3. Studying in Zadar

3.1. About the University

Zadar is a traditional European university city. As early as on 14 June 1396 in Dominican monastery in Zadar the university *Studium generale*, later called *Universitas Jadertina* was founded. The University of Zadar is the largest fully integrated university in Croatia. Up to 6,000 students are enrolled in the undergraduate, graduate and doctoral study programmes. There are 667 employees at the University, 450 of them members of the academic staff holding scientific-teaching, teaching and assistant titles. As one of the youngest universities in Croatia (though historically the oldest), the University of Zadar points out as one of its priorities not only the international but also the inter-university cooperation with all the relevant universities and institutes in Croatia and abroad. In June 2019 the European Commission selected EU-CONEXUS as one 17 "European University" projects. The University of Zadar is one of the partners in this projects, along with partner institutions from France, Greece, Romania, Lithuania and Spain.

Did you know that the 1st higher education institution in Croatia was established in Zadar in 1396 under the name *Universitas Iadertina*?

Also, the University of Zadar offers the possibility of teaching in English for the students who do not speak Croatian (mainly through the consultation hours). **The University of Zadar requires students' very good language skills (in reading, writing and speaking) equivalent to level B2 on the CEFR (Common European Framework of Reference for Languages) scale.**

4.2. Visa requirements and Residence permit

All the up-to-date information regarding visa requirements and residence permit can be found on the following website: <https://www.studyincroatia.hr/live-and-work-in-croatia/visa-and-residence-permit/>.

Visa requirements – Nationals of countries subject to the visa requirement also need to procure an entry visa for Croatia (Viza C). Information on countries subject to the visa requirement can be found on the web site of the Croatian Ministry of Foreign and European Affairs (<https://mvep.gov.hr/services-for-citizens/consular-information-22802/visas-22807/22807>). The visa application (Viza C) must be submitted to the diplomatic mission or consulate of the Republic of Croatia in the foreign national's home country. A list of missions and consulates is available on web site of the Croatian Ministry of Foreign and European Affairs.

Residence permit – According to the Croatian Law on foreigners, foreign nationals intending to study in Croatia must regulate their temporary residence for the purpose of studying if their period of stay in Croatia is longer than 90 days.

Where to submit residence permit application – International students coming from non-EEA countries can submit residence permit application in one of two ways:

- ▶ to the diplomatic mission or consulate of the Republic of Croatia in their home country or
- ▶ to the Central Police Station in Zadar (Address: Put Murvice 9, 23 000 Zadar) immediately upon their arrival in Croatia if they submit the proof of taking part in an Exchange programme approved by the Ministry of Science, Education and Sports in Croatia (Erasmus+, CEEPUS, bilateral exchange, etc.) – **recommended!**

When to submit the residence permit application – Students submitting an application to the diplomatic mission or consulate of the Republic of Croatia in their home country should do so prior to their scheduled arrival in Croatia. The usual procedure can take three months or longer (including time needed for all the necessary documents to be translated

into Croatian). There is also a fast-track option for handling the application and students can request this at the diplomatic mission or consulate, in which case they pay a higher fee. Students submitting the application to the Central Police Station in Zadar should do so immediately upon entering Croatia, i.e. within 48 hours from the date of entering Croatia.

The temporary residence permit is usually granted for the duration of one year or for the duration of the academic semester. Along with the application form for the residence permit, students must submit the following application documents according to the category to which the student belongs:

STUDENTS FROM THE EU/EEA COUNTRIES (EU COUNTRIES + NORWAY, ISLAND, LIECHTENSTEIN AND SWITZERLAND):

1. They are not obliged to register to the Police Station within 48 hours from entering Croatia.
2. If their stay in Croatia is longer than 90 days, they must apply for the residence permit for the purpose of studying or internship.
3. The students apply for the residence permit in the Police station in Zadar and they must present the following:
 - The confirmation issued by the University of Zadar which contains confirmation of enrolment, the purpose and the length of their stay in Zadar, proof of finances (at least 224.40 euro per month) and the information on the health insurance (EHIC – European Health Insurance Card).
 - The students have to fill in the Form 1B with the exact address of the apartment/flat in which they are staying.
 - Copy of the valid ID or passport (first page with the photo)
4. The procedure is free of charge and the students get the Confirmation of mobility.

THIRD COUNTRIES NATIONALS WHO HAVE REGULATED THEIR RESIDENCE IN ONE OF THE EU/EEA COUNTRIES:

1. They are obliged to register to the Police Station within 48 hours from entering Croatia, personally or through the eVisitor system.
2. If their stay in Croatia is longer than 90 days, they must apply for the residence permit for the purpose of studying or internship.

THIRD COUNTRIES NATIONALS:

1. They are obliged to register to the Police Station within 48 hours from entering Croatia, personally or through the eVisitor system.

 - Copy of the valid ID or passport (first page with the photo)
 - one photo (size 30 x 35 mm)
4. They have to pay for the procedure, since they will get the Croatian ID card. The cost of issuing the Croatian ID card is 31.85 euro + 9.29 euro in stamp duty (can be bought at all newsstands) = 41.14 euro.

For more information the student should visit the web page of the Croatian Ministry of the Interior: <https://mup.gov.hr/en>.

4.3. Medical insurance

All foreign students must have health insurance covered during their stay in Croatia. EU nationals must have their European Health Insurance Card. For all the others, in case Croatia has an agreement on social insurance with the country from which the students are coming, they can enjoy the health insurance provided by their own country. However, international agreements do not cover all the medical services, in which case the students will have to pay for them themselves.

Please check with the healthcare provider at home or visit: <https://www.studyincroatia.hr/live-and-work-in-croatia/health-insurance/>.

Erasmus students staying temporarily in Croatia are exempted from paying the fee for compulsory health insurance in Croatia. They may use the international health insurance from their home country (European Health Insurance Card) or choose to be insured at the health insurance company of their choice. The Ministry of Science, Education and Sports also covers the health insurance expenses for all foreign nationals that receive grants from the Ministry, if it is foreseen by the conditions of the grant.

4.4. Accommodation

International students are usually accommodated in student dormitory or in private apartments. There are two dormitories at the University of Zadar.

Dormitory in the Dr Franje Tuđmana street has 94 rooms, 18 of which triple and 76 double rooms and can accommodate 206 students. There are three kitchenettes, two TV rooms, large hall, classroom, computer cabinet, laundry and recreational hall. From 20 July to 31 August the Dormitory of the University of Zadar works as a hostel and it is closed for the students. The price of the accommodation in the student dormitory is 80.00 EUR for the first month and 66.00 EUR for each following month.

The second residence hall, opened in 2022, has a capacity of 129 rooms with 284 beds. There

is a canteen with 500 seats, a living room, a separate study area, storerooms, a laundry room, a kitchenette and many other facilities. The student is obligated to pay 139.36 EUR per month for a double room, or 119.45 EUR per month for a triple room. The one-time administrative cost of 10.62 EUR must be paid for the accommodation in both residence halls.

There are 10 places booked for the incoming students. Students can get the accommodation in the dormitory on first come, first served basis.

Registration has to be done by filling in the online application form. The link for the online application form will be sent along with the Acceptance Letter, i.e. after the Learning Agreement/Online Learning Agreement has been signed by all sides.

A much more reliable way of finding satisfactory accommodation is a private room or an apartment. Normally, students come to Zadar without a permanent place to live, however you shouldn't arrive without temporary accommodation. It is nowadays more common to rent a flat and share it with other students. This is usually more comfortable, since it allows the students more freedom and flexibility, especially in terms of timetables.

Prices vary, but you can find a room for acc. 150 - 200 €, while the prices for apartments range between 400 and 500 € per month. You should clarify with your landlord what exactly are you paying for, some will also ask you for a deposit that will be returned if you do not damage the apartment/flat.

Normally, rent prices do not include bills for household utilities or internet. It is important to point out several other remarks about renting an apartment. The average time spent by a student searching for an apartment is 2 months, so try to organize well in advance. It is generally more difficult to find an apartment in the spring/summer semester due to the beginning of the tourist season and the fact that many people rent their apartments to tourists rather than to students. It is important to discuss some issues with your landlord: heating system during winter, humidity in the apartment and the internet connection. If the apartment is heated by electricity, your electricity bill for the winter months could be considerably higher.

Did you know that the defensive walls of Zadar together with 8 gates such as the Lion Gate testify to its turbulent past, full of conquering attempts, destruction and victories? Built almost half a millennium ago, the walls are a UNESCO World Heritage Site.

4.5. Student Buddy System

The Incoming Student Buddy System helps you in your arrival and stay in Zadar. "Buddies" are students of the University of Zadar who take the mentor role and assist the incoming students during their exchange period, doing it on a voluntary basis in their spare time.

They are expected to help the incoming students in the following ways:

- ▶ pick up students at the airport or bus station and bring them to their housing,
- ▶ help them to understand the layout of Zadar and get used to the new environment (local transport routes, bus connections, office hours, opening a bank account, etc.),
- ▶ help to integrate by organizing social events such as parties and cultural programmes,
- ▶ help them throughout the semester if problems should arise.

You should fill in the online application form at least two weeks before your arrival in Zadar: <https://papaya.iter-idea.com/auth>. We strongly recommend it to all the incoming students.

5. After the arrival

After the arrival, exchange students must attend the Welcome day organised by the International Relations Office where they will get the Exchange student's records sheet, X-card (if the exchange programme provides it) and the AAI account with the password for Internet access. The students will get the X-card and the AAI account only after getting the PIN or OIB (Personal Identification Number) which is obtained upon registration at the Police station, at the Tax Administration Office or online at <https://pisitenam.porezna-uprava.hr/>. Exchange student's record sheet contains student's personal information, list of the courses that will be attended, the ECTS credits and the grades that will be achieved after passing the exams. X-card is a student identification card and by presenting this card the student can enjoy the discount prices in student restaurant "Barbakan", "Diadora" and fast food restaurant "Citadela".

According to the decision of the Croatian Ministry of Science and Education, the X-cards are provided for the Erasmus+ and CEEPUS incoming students only.

AAI account is the account of AAI@EduHr system which provides free wireless Internet access in the Student Dormitory and University facilities. If students' home country is connected to the pan-European roaming system Eduroam (www.eduroam.org) or eduGAIN, the students can use the identity account they got in their home university. Otherwise, the student will get an AAI account upon arrival at the University of Zadar.

The University Library provides free access to desktop computers where you can check your e-mail or surf the Internet.

Some of the 2015/2016 Erasmus+ students created short videos showing the impact that the mobility period spent abroad has on student life, meeting new friends and learning about different cultures. The videos are available at <https://www.youtube.com/channel/UCVLtZufwUknx0L7ThIHUAJq/videos>

My name is Jihan, a Lebanese, Moroccan, and German Erasmus student at University of Zadar. I consider coming to Zadar as my greatest decision due to many reasons including the chance to live in a different country and meet people from diverse backgrounds, the fact that is helping me boosting my self-development, as well as the opportunity to make some of the best friends during that period. In a nutshell, Erasmus is an experience I will always remember for the rest of my life, and I can simply say that coming to Zadar is the best investment I have ever made for myself."

Margarita Nikolaeva, Russian State University for
the Humanities, Moscow, Russia (summer semester
2021/2022)

The internship at Zadar was, without exaggeration, the best experience of the last few years for me. I was able to improve my level of Croatian and to see a lot of beautiful places in Croatia. All this time in this town and in general in Croatia, many people helped me to adapt and resolve important issues for me regarding my subsequent studies. In addition, it was a great opportunity to network with other international students which was also important to me. I am immensely grateful to the University of Zadar and to everyone who has been with me during these 5 months. Hvala za sve i vidimo se.

Irena Čučković, University of Novi
Sad, Serbia (summer semester
2021/2022)

The summer semester in 2022 was actually my second Erasmus+ experience in Zadar. The first time I came here was at the end of 2020 for my first student exchange, after which I decided to come back again ASAP. It turned out to be one of the best decisions I have ever made. Once again, I had a great experience studying here, but also I managed to find new friends and meet again with the old ones. Also, life at the sea during spring and summer is another thing that made my five-month stay in Zadar unforgettable.

Jana Paradžiković, Nikolina Kajić i Ana Barta, Erasmus+ praksa u Vijećarnu u sklopu međunarodnog stvaranja, Institut za ekologiju i mora i morskih resursa (Vijetnamska Akademija znanosti i tehnologija), Haiphong City, Vijetnam, okt. god. 2022/2023

Sve tri smo imale želju posjetiti Aziju i s obzirom da nam je zadnja godina studiranja kjele smo spojiti Erasmus i Aziju. Preko interneta smo otkrile institut u Vijetnamu, na kojemu smo bile, te smo kontaktirale koordinatore postoje li mogućnost odlaska tamo. Nitko sretniji od nas nije bio kad smo saznale da možemo. Kolege na institutu su nam jako puno pomagali te su se kjele družili s nama. S njima smo obilježile njihov Dan žena, vodili su nas na razne ručkove kako bi probale njihova jela te su nas upoznali s njihovom kulturom i načinom života. Vikendima, kada smo imale slobodne dane, putovale smo po Vijetnamu te obišle razne dijelove države i vidjele puno novih stvari. Na institutu smo se upoznale sa raznim metodama rada koje se mogu primijeniti i na rad na našim institutima u Hrvatskoj. Sve tri smatramo kako nam je ovo bilo jedno nezaboravno iskustvo i sretno smo što smo se odlučile na Erasmus+ program i preko njega upoznale nove ljude i novu zemlju.

Lovro Lulić, Sveučilište u Klaipedi (Litva), ak. god. 2022./2023.

Erasmus je jedno predivno iskustvo. Otići iz lijepog i sunčanog Zadra u daleku Litvu jest velik izazov, također i sva papirologija koja je potrebna za dobiti Erasmus+ financijsku potporu, ali se isplati. Litva je poprilično drugačija od Hrvatske, ali susret s raznim drugim nacionalnostima i kulturama daje stvarno nezaboravan utisak na mene kao čovjeka, putnika, i napokon akademskog studenta koji treba proširiti svoje vidike. Upoznao sam ljude iz većine krajeva Europe, ali također iz Australije, Bangladeša, Nigerije i malenog otoka kraja Madagaskara - Reuniona. Ako se komu i ne sviđa zemlja u kojoj odlučiti provesti Erasmus+ mobilnost, nema veze, jer sama činjenica da možeš putovati s ovako zanimljivim ljudima, uka ti se u pamćenje i ne možeš zaboraviti sve lijepe trenutke što si ih imao s njima. Sve teškoće koje možeš imati u Zadru ili na Erasmus+ mobilnosti su minimalne u usporedbi s događajima kojima prisustvuješ gdje god da odeš na Erasmus+ mobilnost tijekom školovanja. Definitivno - isplati se! Barem jednom u studiju, ako ne i dvaput.
