

Social Science

SSAS – SOCIAL SCIENCE AND THE SEA
Joint Seminar on Sustainable Development
in European Maritime Regions

Department of Sociology
University of Zadar
24 September – 2 October 2013

A joint international seminar addressing the socio-ecological aspects of regional development in maritime regions, the cooperative dimension of transnational governance and the crucial issue of mobility both in terms of logistics (ports, routes, security, labor relations, etc.) and of social-cultural exchange (tourism, migrations, social networks, etc.). (6 ECTS)
